### **TRAINER CERTIFICATION AGREEMENT**

I acknowledge that I have completed the Nurturing Parenting Program (NPP) - Nurturing Families (NF™) “Training of Trainers” training in its entirety, and I now feel both competent and confident in training other professionals and paraprofessionals in Nurturing Families™ 2<sup>nd</sup> edition. I understand that this certification, grants me the ability to provide training and consultation on NF™ applying the knowledge and skills I have learned throughout my training. I understand that now I am part of a bigger family and with this privilege comes responsibility to serve ethically. I clearly understand that with this trainer certification I have been granted the responsibility to train other professionals and paraprofessionals in the knowledge and skills needed to become effective facilitators. This certificate does not allow me to train others outside of my employed organization, which is the responsibility of “Lead National Trainers”. I agree to use every opportunity to share with others the valuable information Nurturing Families™ offers.

I recognize that Nurturing Parenting Program is a world-wide initiative with many curricula, curriculum authors, individuals, agency, and state departments. I commit to honor the fidelity of Nurturing Families™ through facilitating genuine discussions with facilitators. I will adhere to the values and philosophy while teaching others the importance of on-going evaluations conducted to monitor progress and maintain fidelity implementation. I will do the research necessary to be informed about Nurturing Families and support available through the Nurturing Families Center.

I further acknowledge that I will seek to utilize all trainer materials including consistently and accurately using the 3-day training PowerPoints. I will ensure that all slides, handouts, and manuals promote PRAXIS and the Nurturing Families Center by using the logos provided and the copyright statement. I agree to work with the lead national trainer before making any modifications to the facilitator training. As a trained and certified trainer, I commit to uphold the values and philosophy of Nurturing Families™ to ultimately stop the intergenerational cycle of child abuse by teaching violence free behavior and to promote empathy and nurturing practices.

I will not re-print and/or distribute any trainer material or curriculum unless I have received written permission or purchased a license through the Nurturing Families Center. I understand that no part of the training or curriculum/program material may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical, photocopied, recording, scanning, or otherwise, except as permitted under Section 107 or 108 of the 1976 US Copyright Act, without the prior written permission of the publishers. I also agree to report any suspected copyright infringement to the Nurturing Families Center. By checking the box on the affiliate page form, I am agreeing to all the above and I agree to stay in contact with my Lead Trainer, the Nurturing Families Center and author of NF™ SONYA M. THORN, MSOL LCSW.

Please check the box in the affiliate form [www.nurturingfamiliescenter.com](http://www.nurturingfamiliescenter.com) confirming that you have read and agree to the statement on this trainer agreement.
